## Floor Care Products: Stripper

### A Strip-All Floor Stripper

- Free rinse, highly active stripper
- No scrubbing required
- Designed to easily remove all types of floor finishes from all types of floors
- Can be used with floor machine or simply mop on and mop off
- Works with cold or cool water (do not use hot water)
- Odour free, butyl free and non combustible
- Fast acting and easy to use

10250	4 L	4/cs.	39 lb
10260	20 L	1/cs.	48 lb

B

## Sealer

### B Secure Floor Sealer

- Total undercoat/sealer protection to resilient and non-resilient floors
- Resists yellowing and is wear resistant for longer periods of time
- Do not use on unsealed wood, cork, concrete or magnesite
- Chemical and detergent resistant metal interlock, easy to apply
- Resistant to calcium chloride (ice melters)
- Less drying time between coats, saves labour costs
- Good levelling and gloss with minimal effort

10200	4 L	4/cs.	39 lb
10210	20 L	1/cs.	48 lb

C

## Ultra Gloss Finish

### C Ultra Gloss Floor Finish

- Premium ultra high gloss finish
- For use in areas where the ultimate "wet look" is desired (1000+ rpm)
- Resists scuffing, durable and easy to remove with conventional strippers
- Use in high profile areas i.e. showrooms, foyers, reception areas and lobbies
- May be applied to all resilient and non-resilient floors except unsealed wood and cork
- Produces safe, slip-free surface-will not brown or colour
- High solids content, ideal for burnished systems
- More film thickness per application of finish
- Fast drying time, excellent levelling characteristics
