

96124 Handheld Spreader with Ergonomic Arm Rest

Evenly dispense material in hard-to-reach places as well as across sidewalks and entrances.
Equipped with rust-proof teeth to break up ice melt yet fit into a 5-gallon bucket.
Upgraded gearbox and salt agitator are designed for year after year service.
The ergonomic trigger makes the spreader easy to use and also allows
for more control when you are spreading.

- Capacity: 4 lb
- Constructed of rustproof poly
- Extendable ergonomic arm rest adds comfort during use
- Designed for ice melt and rock salt
- Teeth at front can be used for breaking up and digging into ice melt/salt storage containers
- 12/case
