# A SMILE FOR EVERY *Adventure*

St Kitts is a tiny English speaking Caribbean island with a big punch. Along with its sister isle of Nevis, just two-and-a-half miles south, it constitutes the smallest country in the Western hemisphere. This unspoilt and authentic sunshine escape delivers everything you'd expect from a Caribbean vacation – and then some. A UNESCO World Heritage-listed fortress, a scenic railway, cultural events and activities aplenty from zip lines and wreck diving to rainforest hikes and a fabulous golf course. There's excellent food, with fresh fish, lobster and tropical fruits. The thermometer hovers at an inviting 80°F average year-round, Kittitians are a welcoming and charismatic bunch, and – most importantly – the rum punches hit the spot.

If you like to explore and get close to nature, St Kitts is rewarding due to its diverse landscapes, managed development and abundant historic attractions. A quarter of St Kitts is covered in verdant rainforest and all land above 1,000ft is protected. Everywhere you look there are flamboyant flowers and fruit trees, including red and yellow heliconias, breadfruits, towering royal palms and the scarlet-petalled poinciana, the national flower of St Kitts & Nevis.

## gone *Limin'*

Down here we have a special brand of kicking back and relaxing... We call it limin'! You'll know you're limin' St. Kitts style when you're soaking up the sun on Cockleshell Beach. When you're lounging at the pool, winning that round of golf or playing the slot machine. And you're really limin' like the locals when you put your feet in the sand at a Reggae Beach Bar, sip on a Ting with a Sting and dance the night away. Here, you'll soon discover your favorite way to lime.

Cockleshell Bay is home to St. Kitts Water Sports from kayaks to snorkeling. The beaches on St Kitts are visited by leatherback turtles that nest from February to July, with hatchlings emerging in late September. St. Kitts' rich culinary culture fuses Caribbean island ingenuity with Old World traditions. Passionate chefs create cuisine that shines with fresh-off-the-boat seafood and island-grown produce while restaurateurs dream up evermore magical settings to enjoy it all.
