18" Microfibre Flat Mop Refills

Four Wet/Dry Options that meet Colour-Coding Requirements

These microfibre flat mop refills feature polypropylene scrubbing strips that reach deep into grout lines for superior cleaning. Exceptional fluid retention makes the mops perfect for multiple floor surfaces - very wet or damp only. Microfibre mops work very well for dust mopping as well. Launder and reuse.

- Improved cleaning efficiency, especially in tough grout lines
- Hygienic with better bacteria resistance, reducing cleaning-related health risks
- Cost-effective and durable
- Versatile for use in various environments with colour-coded systems for safety and organization
